

QUEUE.md

ACTIVE

- N=001 — Apex Protocol scaffold (Architect complete, awaiting Sentinel)

PENDING (post-PASS, optional follow-up cycles — not part of one-shot)

- N=002 — Add share-result image generation (OG card per recommendation)
- N=003 — Add email capture *after* result is shown (never before)
- N=004 — Stripe checkout for "Pro Protocol" deeper plan PDF
- N=005 — Apify-based supplement price comparison

These are queued for future cycles. They are not in scope for N=001.
